

Anthem Extras Packages

Dental, Vision and more

Virginia

benefits that complement your **Medicare Supplement plan**

Packaged benefits – better together

Healthy teeth and eyes help contribute to your overall well-being. That's why Anthem Blue Cross and Blue Shield (Anthem) created Anthem Extras Packages – with your overall health in mind. We offer three packages to complement your Medicare Supplement plan – and help you reach for better health. Our Standard, Premium and Premium Plus packages offer valuable benefits and services, such as:

- › Packaged dental and vision coverage that offers extra preventive benefits
- › Support services and tools to help you maintain good overall health and well-being

And best of all, these packages are available for a monthly plan premium ranging from **\$18** to **\$52**. The benefits in each package will roll up to one overall premium, and you will receive one ID card for these services.

Interested in dental coverage only?

Good news. Our Dental Policy Only offers the same dental benefits as the Premium Plus Package, on a stand-alone basis without the other package components.

Dental coverage

It's important to have dental benefits that can help you look after your overall health, such as:

- › Coverage for diagnostic and preventive care – which can be key to good long-term oral health
- › Third cleaning or periodontal maintenance procedures are covered for diabetic members on all of our Anthem Extras Packages plans

And, for your convenience, you'll have:

- › Access to more than 2,570 unique dentists with more than 3,460 access points in Virginia, and more than 118,000 access points nationwide
- › Freedom from paperwork – network dentists file claims, and there are no referrals needed

Plus, you will automatically have access to the International Emergency Dental Program administered by DeCare Dental, a wholly owned subsidiary of the parent company of Anthem Blue Cross and Blue Shield. With this feature, you have access to emergency dental care while traveling nearly anywhere in the world from our listing of credentialed dentists.

Is your dentist in the network?

To see if your dentist is in our current network, visit our website, www.anthem.com. When prompted, choose the Dental Blue 200 network.

If you prefer, you can contact our customer service center at **1-877-391-3897** (8 a.m. – 5 p.m. local time) for assistance.

You might pay more when you visit an out-of-network dentist

Your plan lets you choose any dentist, whether or not that dentist is part of our network. But you may end up paying more for a service if you visit an out-of-network dentist.

Here's why: **In-network dentists** have agreed to payment rates for various services and cannot charge you more. On the other hand, **out-of-network dentists** don't have a contract with us and are able to bill you for the difference between the total amount we allow to be paid for a service – called the “maximum allowed amount” – and the amount they usually charge for a service. When they bill you for this difference, it's called “balance billing.”

Here's an example of how using in-network dental services can lower your costs

This is an example only. Your experience may be different, depending on your insurance plan, the services you get and who provides the services.

Ted gets a crown from an out-of-network dentist, who charges \$1,200 for the service and bills Anthem for that amount.

Anthem's maximum allowed amount for this dental service is \$800. That means there will be a \$400 difference, which the dentist can balance bill Ted.

Since Ted will also need to pay \$400 coinsurance, the total he'll pay the out-of-network dentist is \$800.

Here's the math:

- › Dentist's charge: \$1,200
- › Anthem's maximum allowed amount: \$800
- › Anthem pays 50%: \$400
- › You pay 50% (coinsurance): \$400
- › Balance you owe the provider: $\$1,200 - \$800 = \$400$
- › Your total cost:
\$400 coinsurance + \$400 provider balance = \$800

In the example, if Ted had gone to an in-network dentist, his cost would be only \$400 for the coinsurance, because he would not have been balance billed the \$400 difference.

Vision coverage

Regular eye exams can often help detect, early on, some major health conditions like diabetes and cardiovascular disease. And early detection can mean lower health care costs, and – most importantly – a healthier you! That's why our vision plans include:

- › Access to a broad, convenient, network of more than 50,000 independently contracted vision providers and provider locations across the country
- › The network is comprised mainly of independent optometrists and ophthalmologists. But for added convenience, our vision network also includes national retail locations such as LensCrafters®, Pearle Vision®, Sears OpticalSM, Target Optical® and JCPenney® Optical
- › Prescription eyewear that is delivered quickly – in as little as an hour in some retail locations

Benefits vary by package, but all packages include eye exams, as well as allowances for eyeglass frames and lenses and contact lenses.

Save even more

Even after benefits have been exhausted, additional savings are offered for noncovered materials such as extra pairs of eyewear, a number of nonprescription sunglasses and other popular accessories. You can save 15%–40% by taking advantage of this unique option. And to add even more value, there is no limit to the number of purchases you can make using the additional savings program.

Easy-to-use benefits

Your out-of-pocket expenses may be lower, and you can avoid paperwork hassles when you visit network vision providers. In-network providers verify your benefits and get the information they need to file claims for you. All you need to do is:

- › Make an appointment with an in-network provider
- › Present your ID card at the time of service
- › Pay any applicable copays and any balance for noncovered services

Here when you need us

We are committed to providing excellent customer service. In fact, our customer service hours are among the longest in the industry. We provide customer service seven days a week, and you'll speak with well-trained representatives dedicated to your vision benefit support.

Find a vision provider in the network

If you have an emergency medical situation while traveling abroad, simply call our assistance coordination line from any country to:

- › Coordinate and pay for medical evacuation to the nearest appropriate treatment facility or back home when medically necessary
- › Schedule a bedside visit for a family member or friend if you are hospitalized for more than seven days, or if you are in critical condition
- › Access health-related travel planning information and receive assistance in replacing lost prescription medications, eyeglasses or contact lenses while traveling

Additional services available.
